RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

Applicant acknowledges receipt of a Requirement for Election/Restriction dated 04/10/2003. Applicant responds to the Examiner's concerns as indicated below, and herewith submits an Extension Request for Two Months with fee.

REMARKS

Claims 1-56 are pending the application; all are subject to restriction and/or election. The Examiner has identified three Groups of inventions: Group I (Claims 1-27 and 50-53); Group II (Claims 28-41 and 54-56); and Group III (Claims 42-49). Applicant herewith elects Group II (Claims 28-41 and 54-56) for examination on the merits.

Applicant herewith respectfully traverses the Examiner's further requirement to elect a single disease from among those named in the elected Group II; however, Applicant provisionally further elects "treating amyloid" as the 'disease' for Group II (concerning all of Claims 28-41 and 54-56) for examination on the merits.
